Computer Software to eliminate dissection:

The Board has been striving to propagate kindness to animals. During the year under report the activities of the Board extended all over the country including those place which were not covered earlier. This was possible due to increased grants allocation by the Central Government. The training courses conducted in various parts of the country with the support of RSPCA (UK) was yet another landmark and this helped the Board to extend the activities in different parts of the country. The Nodal officers and the Animal Husbandry Department helped the Board in co-ordinating the activities of the Board even in remote parts of the country.

ANIMAL WELFARE BOARD OF INDIA

Almost the entire country was covered by the tours of Chairman, Vice Chairman, Members of the Board and the Officers and the Trainers. The Animal Welfare Organisations recognised by the Board were activated and the training courses were instrumental in propagating humane education in a big way. The trainees who had "undergone the 5 day training courses have all been appointed as "Jiva Sarathi" Honorary Animal Welfare Officers and this has given a boost to the activities of the Board.

The representatives of the Royal Society for the Prevention of Cruelty to Animals, World Society for the Protection of Animals and Director of Animal Welfare in Edinburgh University visited the Board to extend their help and co-operation to undertake Animal Welfare activities in India.
